## **Belonging Every Day**

Belonging isn't built in a single conversation or team meeting.

EVERYONE IS

Y E L C O M E

**Building health** 

It's built in the daily moments when people feel seen, heard, and valued for who they are.

Think about your team.

- Have you created moments of belonging today?
- Have you acknowledged each person's contributions?
- How are you ensuring your team feels like they truly belong?
